

Summer Reading Requirements for Rising BMS Fifth Graders

1. Read a fictional novel of your choice.
2. As you are reading, think of a few ideas to discuss with your literacy teacher and classmates in September.

Some ideas to consider include:

- How did characters change from the beginning to the end of the text? Use character traits to support your thinking.
- How did the setting help shape the text?
- What life lessons can be learned from the text?

Optional: Consider jotting your ideas on post-its and bringing them in, along with the book, on the first day of school.

Most importantly, we want you to ENJOY reading this summer!
